COMPANY OVERVIEW

Brain Fit, LLC is a multi-specialty provider network and behavioral health consulting firm headquartered in the Phoenix metropolitan area. Co-owned and clinically directed by Drs. Jonathan Shelton (Managing Director) and An Nguyen (Clinical Director), both licensed clinical psychologists, the firm brings federal-contracting discipline and dual clinical leadership to coordinated multi-specialty evaluation delivery.

Brain Fit credentials, coordinates, and manages a multi-disciplinary licensed provider network across five clinical specialties — psychology, dentistry, audiology, optometry, and medical — to fulfill veteran, public-sector, and federal healthcare evaluation contracts under a unified, accountable delivery structure.

DIFFERENTIATORS

- **Multi-specialty provider network** — 21 actively credentialed providers across psychology, dentistry, audiology, optometry, and medical disciplines, deployed in 10 states.
- **Licensed clinical leadership** — Co-led by Drs. Jonathan Shelton (Managing Director) and An Nguyen (Clinical Director) — both licensed clinical psychologists with 10+ years of full-time Social Security disability consultative examination experience and active day-to-day involvement in clinical and administrative operations across Brain Fit and Desert Recovery Centers. Dr. Nguyen serves as Clinical Director at DRC and is involved in all aspects of operations.
- **Veteran-centered service line** — Dedicated infrastructure for Compensation & Pension (C&P) evaluation delivery, provider development, and workforce readiness for VA and DoD-aligned programs.
- **Integrated affiliate model** — Coordinated delivery with Trinity Tree, LLC (a multi-PsyD clinical team with specialty depth in psychodiagnostic and neuropsychological assessment, child and adolescent psychology, and autism evaluation; therapy across the lifespan; psychiatry; and clinical training) and Desert Recovery Centers (Joint Commission Gold Seal accredited residential, adult PHP/IOP, adolescent PHP, and TMS neuromodulation programs across 3 AZ facilities).
- **Federal readiness** — SAM.gov active; GSA MAS in pursuit; purchase card accepted; HIPAA and 42 CFR Part 2 compliant.

GEOGRAPHIC REACH

Active provider coverage across Arizona, California,

CORE COMPETENCIES

- **Provider network management** — Nationwide sourcing, credentialing, scheduling, compliance tracking, and quality assurance across a multi-disciplinary licensed provider network.
- **SSA disability consultative examinations** — Psychological consultative examinations (CEs) for adult and child disability determinations through state Disability Determination Services (DDS) under federal SSA funding. 10+ years of full-time key personnel experience producing administrative-hearing-grade evaluation reports under 20 CFR 404.1519 / 416.919 evidentiary standards.
- **C&P evaluation delivery** — Coordinated Compensation & Pension evaluations for veteran populations through VA and DoD-aligned programs; provider development and workforce readiness. Built on key personnel's foundation in methodologically parallel SSA consultative work.
- **Fitness-for-duty & regulatory evaluation** — Psychological assessment, structured reporting, and administrative-hearing-grade documentation for state regulatory boards (current Arizona Board of Nursing experience) and federal fitness-for-duty contexts, including security clearance and workforce readiness applications.
- **Clinical assessment & testing** — Cognitive, personality, diagnostic, and risk assessment using validated instruments including the WAIS-5, WMS-V, WISC-V, WPPSI, WIAT-4, ADOS-2, CARS-2, Conners-4, Trail Making Test (Trails A and B), and Rey-15.
- **Behavioral health consulting** — Design, implementation, and program evaluation of trauma-informed, recovery-oriented behavioral health programs for public-sector and healthcare partners.
- **Training & workforce development** — Competency-based clinical training, supervision, and continuing education for behavioral health professionals across multi-site programs.
- **Project management & administration** — Turn-key contract coordination, compliance tracking, quality assurance, scheduling, and data reporting across integrated systems.

ACTIVE PROVIDER NETWORK

21 credentialed providers actively deployed across:

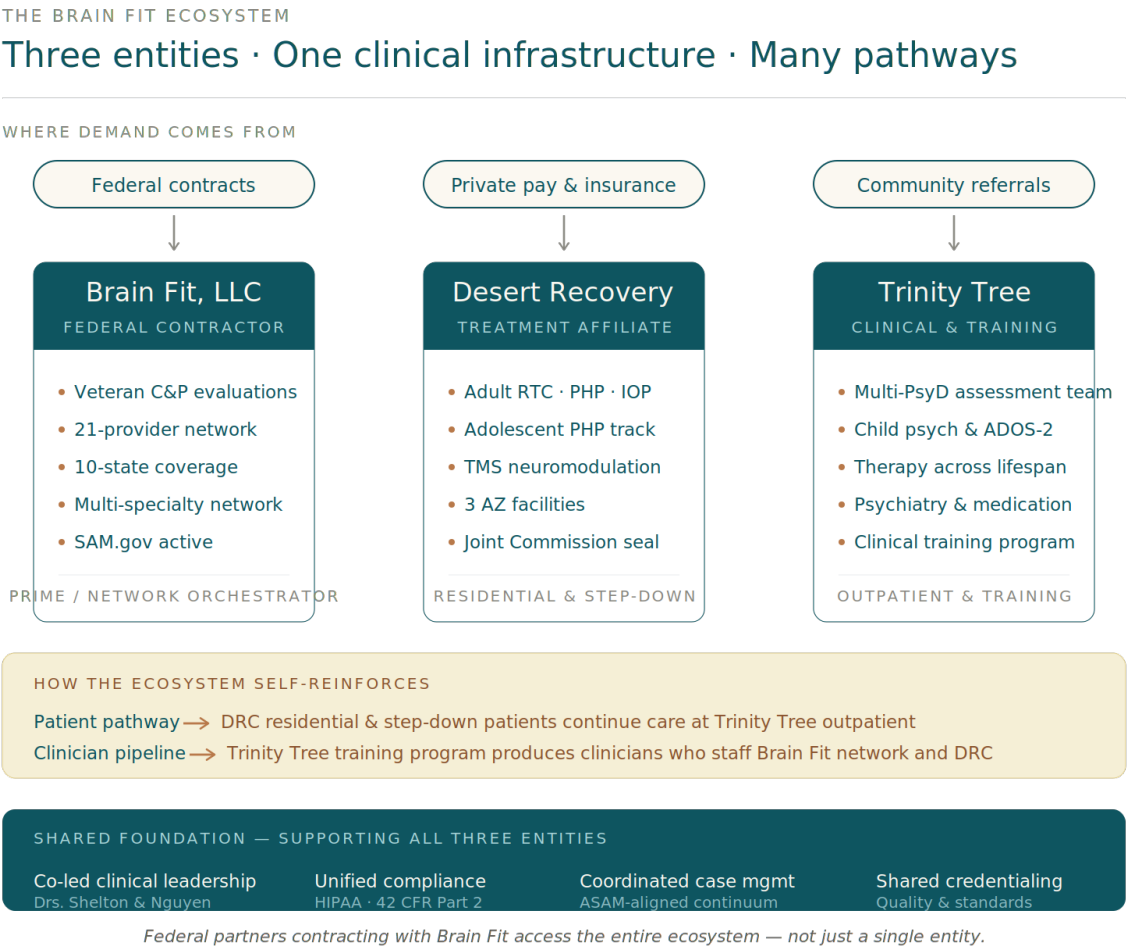

- **Psychology** — 10 licensed (Ph.D. / Psy.D.)
- **Dentistry** — 5 licensed (D.D.S. / D.M.D.)
- **Optometry** — 6 licensed (O.D.)

Colorado, Florida, Idaho, New Jersey, New York, Pennsylvania, Texas, and Washington. Several network psychologists hold PSYPACT authorization, extending licensed telehealth coverage to 40+ states and the District of Columbia.

- **Audiology** — *actively recruiting*
- **Medical** — *actively recruiting (M.D. / D.O. / NP / PA)*

THE BRAIN FIT ECOSYSTEM

Brain Fit, LLC operates as the federal-facing entity within a vertically integrated behavioral health ecosystem. Through shared clinical leadership and coordinated operations across three accountable entities, partners contracting with Brain Fit access the entire network — federal contracting infrastructure, Joint Commission-accredited residential treatment, and multi-disciplinary outpatient assessment and therapy.

CORPORATE STRUCTURE & AFFILIATIONS

ENTITY	ROLE	FUNCTION
Brain Fit, LLC	Prime contractor	Federal contracting, program management, network coordination, compliance
Trinity Tree, LLC	Clinical & training affiliate	Multi-PsyD clinical team with specialty depth in psychodiagnostic and neuropsychological assessment, child and adolescent psychology, and autism evaluation (ADOS-2). Services include comprehensive psychological evaluation, therapy across the lifespan, psychiatry and

ENTITY	ROLE	FUNCTION
		medication management, speech-language therapy, and clinical training and internship/practicum supervision.
Desert Recovery Centers	Treatment affiliate	Joint Commission Gold Seal accredited; Arizona DHS licensed. Residential treatment (24/7), adult partial hospitalization (PHP) and intensive outpatient (IOP), dedicated adolescent PHP, and TMS (transcranial magnetic stimulation) neuromodulation. 3 AZ facilities serving substance use, co-occurring mental health, and dual-diagnosis populations across both adult and adolescent levels of care.

CONTINUUM OF CARE

The Brain Fit network covers the full ASAM continuum of care — from acute residential treatment through community-based outpatient therapy — under one coordinated, accountable structure.

CONTINUUM OF CARE · BRAIN FIT NETWORK MODEL

INTENSITY DESCENDING

Most intensive · 24/7 acute care

Least intensive · long-term wellness

Brain Fit coordinates each handoff — credentialing, scheduling, and continuity of care across affiliates.

Aligned with the ASAM continuum-of-care framework.

CONTRACT VEHICLES & COMPLIANCE

CONTRACT VEHICLE / PAYMENT METHOD	STATUS
SAM.gov registration	Active
GSA Multiple Award Schedule (MAS)	In pursuit
Purchase orders and Blanket Purchase Agreements (BPAs)	Accepted
Government Purchase Card	Accepted
HIPAA / 42 CFR Part 2 compliance	Active

POPULATIONS SERVED

Brain Fit serves adolescents and adults presenting with trauma- and stressor-related disorders, mood and anxiety disorders, substance use and co-occurring conditions, personality pathology, and neurodevelopmental and learning concerns. Veterans

and active-duty service members are a core population. All services are delivered with cultural humility and a systems-informed, recovery-oriented approach.

PAST PERFORMANCE — KEY PERSONNEL

Brain Fit's principals bring directly transferable federal-evaluation experience to support VA Compensation & Pension and federal fitness-for-duty contracts.

Engagement: Social Security Administration disability consultative examinations (CEs)

Principals: Drs. Jonathan Shelton and An Nguyen

Period of performance: 10+ years, ongoing

Contracting mechanism: State Disability Determination Services (DDS) under federal SSA funding, per 20 CFR 404.1519 and 416.919

Scope: Psychological CEs for adult and child disability determinations — clinical interview, mental status examination, diagnostic formulation per DSM-5-TR and SSA Listing of Impairments, functional capacity assessment, and administrative-hearing-grade written reports.

Volume: Sustained full-time clinical engagement throughout the period.

Relevance to federal contracting: Methodologically parallel to VA Compensation & Pension evaluations and federal fitness-for-duty work. Demonstrates current, sustained capability to deliver federal-grade evaluation services under evidentiary standards equivalent to VA contract requirements.
